Highlights

Comfort rings

The Shaver Series 7000 has Comfort Rings with a special anti-friction coating. The rings contain thousands of powder-like beads, giving it a smooth surface so it can effortlessly glide over the skin. Shaving is made more comfortable and effective for sensitive skin.

GentlePrecisionPRO Blades

Our upgraded GentlePrecisionPRO blades gently guide hairs for a close sensitive shave, with extra comfort on 1-3 day stubble.

DynamicFlex Technology

DynamicFlex heads effortlessly move in 5 directions to easily follow every curve of your face and neck. This improved contouring helps catch every hair, even in hard-to-reach areas.

Aquatec Wet and Dry

With the Aquatec Wet & Dry seal, you can opt for a quick dry shave or a more comfortable wet shave with gel or foam – even under the shower.

50 shaving minutes

A powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour for up to 50 minutes of shaving time. Charge it for 5 minutes and you'll have enough power for one shave.

1-level battery indicator

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 1-level

battery indicator - cleaning indicator - battery low indicator - replacement head indicator - travel lock indicator.

SmartClick Precision Trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

Built to last

All of our shavers come with a 2-year worldwide warranty and can adapt to any voltage. The long-lasting blades only need to be replaced after 1 year.
