Highlights

Cordless and corded use

An efficient, powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour and you'll have up to 50 minutes of shaving time – that's around 17 shaves. Charge it for 3 minutes and you'll have enough power for one shave.

DualPrecision heads

DualPrecision heads comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

Fully washable heads

Simply pop the heads open, and thoroughly rinse under the tap.

Pop-up trimmer

Complete your look by using the Pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.

(Patented) Super Lift & Cut

The first blade raises each hair while the second blade comfortably cuts it below skin level, for a really smooth result.

Flex & Float System

Flexing & floating heads follow the contours of your face, allowing for better contact with your skin and for catching more hairs, resulting in a closer, faster shave.
