Highlights

Simple replacement

1. Pull the shaving head off. 2. Replace the shavings head with a new one. 3. To reset the shaver, press and hold the on/off button for more than 5 seconds.

Replacement reminder

The latest Philips shavers have an inbuilt replacement reminder in the form of a shaving unit symbol. This symbol will light up and indicate you when to replace shaving heads.

GentlePrecision Blades

The electric shaver for sensitive skin is equipped with GentlePrecision Blades to minimise tugs, pulls or repetitive passes on your skin. Even when used on 3-day stubble.

Anti-friction Rings

Experience the smooth glide of Philips Norelco's advanced microsphere technology. The shaver rings are coated with thousands of tiny, glass-like spheres for maximum skin comfort.
