

Philips
Straightener

HP4686/22

Straight hair has never been so easy

SalonStyle & Control straightener

Take control with the SalonStyle & Control hair straightener. Advanced Ceramic Tourmaline plates coupled with a professional styling temperature of 230°C gives you the power to create beautifully shiny, straight hair styles.

Ease of use

- Swivel cord to prevent tangled wires
- Automatic shut-off after 60 min
- On/off indication light
- Heat-resistant pouch that can also be used as styling mat
- Easy storage hook for convenient storage
- Easy lock for convenient storage

Beautifully styled hair

- Rubber handle grip for easy salon performance
- 230°C professional high heat for perfect salon results
- Adjustable heat settings to ensure smooth results
- Ceramic Tourmaline plates for sleek, frizz-free shiny hair

Less hair damage

- EHD+ technology for more protection and shinier results

PHILIPS

Highlights

Swivel cord

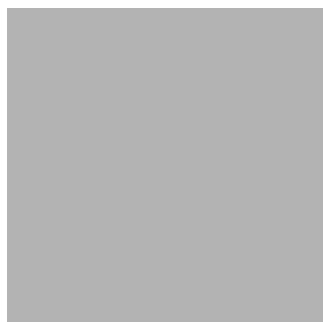

Useful swivel cord technology rotates the cord to prevent tangled wires.

Adjustable heat settings

Adjustable heat settings allow you to quickly and easily change the styling temperature from low to high. This enables you to select the perfect temperature for your specific hair and needs so you can always get the smooth, styling result you want.

Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

On/off indication light

On/off indication light

Heat-resistant styling mat

Heat-resistant pouch that can also be used as styling mat

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

Rubber handle grip

The soft, rubber handled grip is ergonomically designed. Non slip, it has been tested by professionals for easy handling and salon performance.

Ceramic Tourmaline plates

Tourmaline is a precious gemstone with natural ionic properties. This knowledge has been used to optimize our Ceramic straightening plates. These specially developed

plates harness the unique properties of ceramic and tourmaline to perfectly distribute heat across the plate surface for smooth gliding and high shine results. Enjoy sleek, frizz-free shiny hair by styling with Ceramic Tourmaline plates.

230°C professional temperature

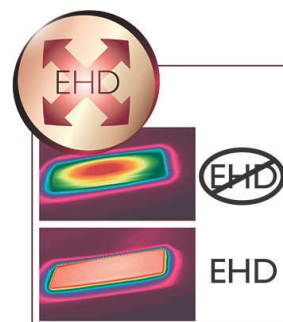

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Easy lock

Easy lock for convenient storage

EHD+ technology

Advanced Philips EHD+ technology means that your styler will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.
