## Highlights

### DuraPower technology

This beard trimmer uses DuraPower technology to reduce friction on the blades, preserve the motor, and keep your battery going four times longer.

### Self-sharpening blades

The self-sharpening steel blades on the Philips 3000 beard trimmer stay as sharp and effective as on day 1 to deliver a perfect yet protective trim, time after time.

### 30 min cordless use

Charge your trimmer for 8 hours with your USB cable to get 30 minutes of cordless use.

### USB charging

This beard trimmer comes with a USB cable for more flexible charging via your computer or any USB adaptor. The adaptor is not included (recommended adaptor Philips HQ80).

### Get any of the 4 looks

Use the 7 or 5mm comb to trim your long beard, the 1mm comb to create a 3-day stubble look or use your trimmer without a comb to have a zero trim.

### Battery indicator

The green light on the adaptor lets you know when your device is charging.

### Skin-friendly blades

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

### Travel lock

The travel lock on the on/off button prevents the appliance from being switched on by accident.

### Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.
