- Insulation sleeve

Better skincare

- Hypoallergenic discs

Fewer ingrown hairs

- Exfoliating body puff to prevent ingrown hairs

Freezes the pain

- Premium ice cooler with pivoting head

Highlights

Premium ice cooler

The patented ice cooler soothes the skin reducing the unpleasant feeling of epilation. Its pivoting head follows every curve of your body for optimal cooling and less pain.

New ceramic epilation system

Thanks to its unique ceramic material and ergonomic shape the epilation head catches more hairs ensuring up to 20% faster* epilation. *Compared to Philips Satin Ice.

Hypoallergenic discs

The hypoallergenic epilation head reduces the risk of allergic skin irritation taking extra care of your skin.

Active massage system

The integrated massaging system relaxes your skin and makes Satinelle Ice the most gentle epilator from Philips.

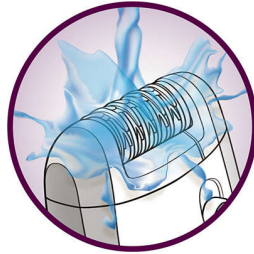

Insulation sleeve

Exfoliating body puff

The Satinelle Massage comes with an exfoliating body puff for use in the shower, which you can use to prepare your legs for hair removal. Regular use will keep your legs silky smooth and help you avoid the re-growth of hairs under the skin (in-grown hairs) in addition to polishing and refining your skin.

Luxury storage pouch

Convenient storage and easy usage anytime and anywhere.
