- Included: Styling comb

Beautifully styled hair

- Ceramic Titanium plates for perfect styling results
- Unique ultra slim design for detailed styling
- 200°C professional high heat for perfect salon results

Less hair damage

- Rounded plates to prevent hair trapping

Highlights

Unique ultra slim design

The ultra slim design enables you to come close to the root and to do detailed styling, this makes it perfect to style fringes, shorter and layered hairstyles.

Ceramic Titanium plates

These unique straightening plates combine Ceramic with Titanium. The results are plates that are more durable than traditional ceramic plates and have an incredibly hard yet ultra smooth surface. As a result, these advanced styling plates not only offer high shine, professional results but can also be used in conjunction with hair styling products such as gels, waxes and sprays.

200°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Rounded plates

The shape of the plate prevents that hair is caught between the housing and the plates. No more hair pulling!

On/off switch

On/off switch

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

Dual voltage

Dual voltage for worldwide use

Heat resistant pouch

This Heat Resistant pouch is perfect for styling on the go. Forget waiting for your styler to cool down. Simply store using the heat resistant pouch included.

On/off indication light

On/off indication light

1.8 m cord

1.8 m power cord

Included: Styling comb

Use the styling comb to section the hair while straightening to get professional results.
