Highlights

Digital length control

Use the Control Buttons to precisely select and lock in the length you want, with more than 60 length settings. Use the comb to trim with precisely 0.2 mm increments between 1 and 7 mm, and 1 mm between 7 and 42 mm. Or you can use it without the comb for a close 0.5 mm trim.

Self-sharpening stainless steel blades

The self-sharpening steel blades are designed to be incredibly long-lasting. Even after 5 years they cut with the same precision and accuracy as day 1.

PowerAdapt sensor

An even haircut, personalised to you. The PowerAdapt sensor automatically adjusts the motor to match your unique hair density, providing precisely the right cutting power at any length.

Memory Function

Your perfect haircut, every time. The smart hair clipper's memory function remembers your 3 preferred length settings, saving you time and hassle while achieving your ideal look.

Auto Turbo

Experience a perfectly even haircut tailored to your unique hair. With Auto Turbo, the motor speed adjusts automatically to match your hair's thickness, ensuring a smooth, even and effortless finish.

Motorised Combs

Lock in your desired hair length with 0.1 mm accuracy and effortlessly maintain it with Philips' motorised length setting system, designed for precision.

Powerful cordless use

Don't get tangled up in your cordless hair clippers – a 1 hour charge provides up to 120 minutes of powerful clipping time. Or keep it plugged in for uninterrupted trimming.
