

Philips PerformerPro
Vacuum cleaner with bag

2000W
AirflowMax technology

FC9180

Highest suction power*

with 2000W motor and 5L dust capacity

With its powerful 2000W motor and specially designed dust chamber, Philips PerformerPro maintains high airflow, giving you the highest suction power.* For great cleaning results!

Convenience

- 360Flex hose swivel for smooth maneuvering
- Extra long grip with air slide for farther reach

Excellent cleaning results

- Specially designed 5L dust compartment for extreme suction
- 2000 Watt motor generating max. 450W suction power

Highly efficient air filtration

- AFS micro filter for clean air
- s-bag Classic Long Performance captures fine dust

PHILIPS

Highlights

5L dust capacity

The specially designed 5L dust chamber maximizes airflow, allowing the dustbag to unfold uniformly, so you get the highest suction power, even as the bag fills-up.

360Flex hose swivel

The Philips 360Flex hose swivel offers full 360 degrees of rotation of the hose for smooth maneuvering of the vacuum cleaner around your house.

Extra long grip with air slide

This ergonomically shaped grip is convenient to use. Its extra long design gives you farther reach, so you can easily clean hard to reach places. The air slider allows you to adjust the suction power without having to bend down.

AFS microfilter

AFS micro filter captures fine dust before the air is blown out for a dust-free environment and clean air.

2000 Watt motor

2000 W motor generates max. 450W suction power for excellent cleaning results.

s-bag CLP

The Philips s-bag Classic Long Performance made of three layers of high quality, non-clogging material captures fine dust. This good filtration gives you a better cleaning result and clean air in your home. The s-bag CLP has been tested and certified by the independent test institute TÜV Rheinland Group, proven to last up to 50% longer than a standard dustbag.

Specifications

Design

- Color: Ink Black

Performance

- Input power (IEC): 1800 W
- Input power (max): 2000 W
- Noise level (Lc IEC): 79 dB
- Suction power (max): 450 W
- Vacuum (max): 34 kPa
- Airflow (max): 47 l/s

Usability

- Action radius: 9 m
- Cord length: 6 m
- Tube coupling: Conical
- Carrying handle: Top and front
- Tube type: Metal 2-piece telescopic tube
- Power control: Electronic on appliance
- Handgrip: Ergonomic grip with air slider
- Dust full indicator
- Wheel type: Rubber
- Park or storage assist: Vertical and horizontal

Nozzles and accessories

- Accessories included: Crevice tool, Small nozzle
- Standard nozzle: All-purpose nozzle
- Accessory storage: On tubeclip

Weight and dimensions

- Dimensions of product (LxWxH): 500 x 310 x 300 mm
- Weight of product: 5.0 kg

Filtration

- Dust capacity: 5 L
- Dust bag type: s-bag
- Exhaust filter: Microfilter
- Motor filter: Triple layer
