Compact storage

- Small sized appliance for compact storage

Freedom to move

- Light weight and compact, giving you the freedom to move

PHILIPS

Highlights

1400 Watt motor

1400 Watt power

Re-usable dust bag

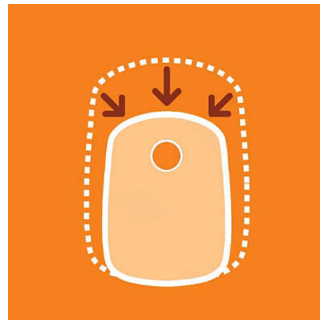

The dust bag is washable and re-usable, so you don't have to worry about buying replacements.

Light weight and compact

You can easily carry and roll the vacuum cleaner around when cleaning thanks to its light weight and small size.

Small in size

Thanks to its small size the appliance can easily be stored, saving valuable space.

Small nozzle and Crevice tool

The small nozzle and the Crevice tool help you to clean your furniture and delicate surfaces.

Variable power settings

The variable power setting allows you to select the level of suction depending on the type of surface being vacuumed.

Multi nozzle

Superior cleaning on all floor types thanks to this consumer test winning multi-nozzle. Its wide air channel is designed for optimal airflow, providing effective cleaning even alongside walls. Its special double hinge ensures permanent contact with the floor for best cleaning results. Designed and produced in Germany by WesselWerk, this high quality nozzle has a metal soleplate with surrounding brushes that gently and thoroughly clean hard floors, crevices and carpets.
