Highlights

Make your own monster

It's easier to keep up healthy habits when you can put your own spin on them. Our Make Your Own Monster edition lets kids transform their toothbrush handle into a friendly monster with interchangeable stickers. They can come up with a new character whenever they want. And now that brushing comes with a monster friend, it's even easier for your kids to have fun while getting an effective Sonicare clean.

Helps kids brush for 2 minutes

Sonicare for Kids helps kids brush for the recommended two minutes and cover all areas of their mouth with a 2-minute timer and a 30second pacer. It's an easy way to consistently coach your kids so they can build healthy habits.

A deep clean for beginners

Know that your child is getting the best possible clean, even when their technique is developing. Sonicare technology uses a gentle pulsing action to clean deep between teeth and along the gum line, compensating for those little slip-ups that happen when kids are still learning.

Protects growing teeth

Young teeth need extra gentle care, which is why Sonicare for Kids comes with a rubberized brush head. It's safer and also feels nicer for little mouths.
