Now more sustainable

- 75% of the plastic in this product is bio-based*****

G3 Premium Gum Care

2x Interchangeable sonic toothbrush heads

HX9052/33

Highlights

Focus on gum health

The rounded trim profile of the Premium Gum Care toothbrush head maximises bristle tip contact along the gum line. It provides up to 7x healthier gums vs a manual toothbrush, to give you strong foundation for your teeth*.

Now more sustainable

To help us all reduce our eco footprint, not only are Philips Sonicare Brush heads recyclable via the TerraCycle program, 75% of the plastic in this brush head is bio-based***** and all our brush head packaging is 100% recyclable.*****

Easy to click on

Your G3 Premium Gum Care brush head fits perfectly with any Philips Sonicare electric toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

Say goodbye to plaque

This enhances our sonic cleaning power, ensuring a deeper clean even in hard-to-reach areas. Thanks to its flexible design, the Premium Gum Care Toothbrush head removes up to 10x more plaque than a manual toothbrush.

Replace every 3 months

Brush heads become less effective after 3 months of use, but with BrushSync, you'll be reminded before this happens. Your smart electric toothbrush will track how often and how hard you brush and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare electric toothbrush? Just monitor your blue replacement bristles, and when they turn white, you'll know it's time for a fresh brush head.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature****. The Philips Sonicare G3 Premium Gum Care toothbrush head syncs with your BrushSync™-enabled Philips Sonicare electric toothbrush handle****, selecting the optimal brushing mode and intensity level for exceptional gum care. All you need to do is start brushing.
