- Just tap the product to snooze

Naturally proven to work

- 92% of users agree that it is easier to get out of bed
- The only Wake-up Light clinically proven to work

PHILIPS

Highlights

Coloured Sunrise Simulation

Inspired by nature's sunrise, light gradually increases within 30 minutes from soft morning red through orange until your room is filled with bright yellow light. This process of changing an increasing light stimulates your body to wake up naturally. By the time light has filled the room your chosen natural sound completes the wake up experience, leaving you ready for the day ahead.

Sunset Simulation

Sunset simulation is a light therapy used before you go to sleep. Sunset simulation prepares your body to fall asleep by gradually decreasing light to your set duration.

Tap Snooze

A slight tap anywhere on the Wake-up light, sets the snooze mode. After 9 minutes the sound will gently start playing again.

Intuitive Dimming Display

The display brightness intuitively adjusts itself: it brightens in a light filled room to remain legible and dims itself in a dark room to not disturb your rest.

Proven by scientists

At this moment in time the Philips wake-up light is the only one scientifically proven to work. In order to make the Wake-up Light the best possible product it can be in genuinely waking you up naturally and energized we have done a lot of clinical research. This research was conducted by independent science facilities to study and prove the effects of the wake-up light on the overall wake up experience. This way we have proven, among other things, that the Philips Wake-up Light not only wakes you more naturally, but also more energized and that it improves your mood in the morning.

Preferred by consumers

Independent research* shows that 92% of Philips Wake-up light users find it is easier to get out of bed (Metrixlab 2011, N=209)

Specifications

Sound

- Number of Wake-up Sounds: 8
- Music from smartphone / iPod

Technical specifications

- Voltage: 100/240 V
- Cord length: 150 cm
- Power: 24 W
- Frequency: 50/60 Hz
- Insulation: Class III
- Type of lamps: Lumiled Luxeon Rebel
- Insulation Powerplug: Class II (double isolation)
- Power Output Adapter: 18W

Weight and dimensions

- Product dimensions: 19.2 (height) x 19.9 (diameter) x 14.6 (depth) cm
- Product weight: 1.254 (including dock) kg
- Country of origin: China
- Power Plug weight: 109 gram

Easy to use

- Anti-slip rubber feet
- Charges iPhone/ iPod Touch
- Display brightness control: Self adjusting

- Snooze type: Smart snooze
- Instore demo function
- Number of alarm times: 10
- Snooze button for sound: Adjustable

Well-being by light

- Increase alertness
- Drift to sleep naturally
- Wake-up gradually
- Wake up naturally

Natural light

- Sunrise simulating process: adjustable 20-40 minutes
- Brightness settings: 20
- Colored sunrise simulation: Yes. Red, to orange to yellow
- Light intensity: 300 Lux
- Sunset simulation

Safety and Regulations

- UV-free: UV-free
- Not for general illumination: Not for general illumination
- To wake up with light: To wake up with light
