## In-between Clean

The dynamic cleaning action of our sonic technology drives fluid deep between teeth and along the gum line.

### **Provides a better clean in between teeth**

- Cleans in tight spaces, with unique brush heads
- Sonic technology in a battery toothbrush
- Consistent brushing performance

## Highlights

### Sonic technology

Powered by patented sonic technology, the specially designed battery toothbrush, with hard working HydroGuides, provides a brushing experience like no other battery toothbrush.

### HydroClean Brush Head

The HydroClean brush heads special HydroGuides work with patented sonic technology to direct fluids between teeth and along the gum line.

### Consistent brushing results

Many battery powered toothbrushes clean less effectively as their batteries discharge. Only HydroClean provides consistent performance over the entire life of the batteries, so that you can be confident that the each brushing is as good as the previous one.
