# Highlights

## Say goodbye to plaque

Densely-packed, high-quality bristles remove up to 7x more plaque than a manual toothbrush.

## Whiter teeth, fast

The DiamondClean's stain-removal pad, made from densely-packed diamond-shaped bristles, removes surface stains caused by food and drink. You'll notice a whiter smile, up to 100%\*, in just 7 days.

## Brush head replacements

Brush heads become less effective after 3 months' use, but with BrushSync™ you'll be reminded before this happens. Your smart

toothbrush will track how often and how hard you brush and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles — when they turn white you'll know it's time for a fresh brush head.

## Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.

## Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

## Easy to click on

Your DiamondClean brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

## BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature\*\*. The Philips Sonicare W2 Optimal White brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle\*\*, selecting the optimal brushing mode and intensity level for exceptional gum care. All you need to do is start brushing.
