- 210°C styling temperature for smooth style
- Ceramic coated plates

Ease of use

- Fast heat-up time, ready to use in 60 sec
- Key-lock function for safe and easy storage
- Universal voltage for worldwide use
- Swivel cord to prevent tangled wires
- Wide plates for thick and long hair

Highlights

Wide plates

Specially designed for thick and long hair, the 40% wider plates* enable a better contact with the hair and help you achieve perfect straightening results in less time.

Ceramic coated plates

Ceramic coated plates for smooth gliding and easy styling.

Ionic care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

210°C styling temperature

This high temperature enables you to change the style of your hair to achieve the look you want.

Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 60 seconds.

Key-lock function

The plates can be locked together for safe and easy storage.

Universal voltage

Compatible with 110–240 volts. Can be used wherever you travel in the world.

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.
