#### **Beautifully styled hair**

- Ceramic plates for smooth gliding and shiny hair
- Slide-on spiral for beautiful ringlets
- Large curling tong for big curls
- Small curling tong for tight curls and ringlets

#### **Less hair damage**

# Highlights

## Ceramic plates

Ceramic is microscopically smooth and durable by nature and it is one of the best materials for straightening plates. The plates glide effortlessly through your hair, giving you perfect shiny hair.

## Straightener attachment

The Ceramic plates glide effortlessly through your hair, giving you perfect straight and shiny hair.

## 10 different attachments

Every hairstyle you can imagine is possible with the versatile styling tools. Be creative!

## Slide-on brush

This attachment can be easily placed on tong to create additional volume and beautiful wavy styles.

## Slide-on spiral

Just follow the curves to create the most beautiful ringlets, it has never been so easy!

## Small curling tong

If you want to create tight curls or ringlets, you need to use a curling iron with a small diameter.

## Flat tong

With this original tong shape you can be creative and make fantastic shapes, textures and waves.

## Large curling tong

If you want to create beautiful curls or waves, you need this large curling attachment with a large sized diameter.

## Spiral curling tong

The defined spirals on the curling tong give you loose waves in an easy way.

## EHD+ technology

Advanced Philips EHD+ technology means that your styler will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

## Hairclips

Use the hairclips to make sections, this will help you to style all your hairs easily.

## Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

## Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

## Ready to use indicator

This shows when the styler has reached the right temperature, so you can instantly see when you're ready to style.

## Heat resistant pouch

This Heat Resistant pouch is perfect for styling on the go. Forget waiting for your styler to cool down. Simply store using the heat resistant pouch included.

## Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

## Safety stand

The safety stand enables you to put the curler down safely during use.
