TripleTrack

Replacement unit

RQ10/50

Keep a close shave

Change heads every 2 years for the best results

Within two years your shaver heads cut 9 million hairs on your face. Replace the shaver heads and get back to 100% performance

Comfortably close

- Super Lift & Cut shaving technology with dual blade system

Simple replacement

- Easy click off, click on

A fast and close shave

- Triple-Track shaving heads with 50% more shaving surface

Perfectly close, even on the neck

- Flex and Pivot Action follows every curve

Highlights

Triple-Track shaving heads

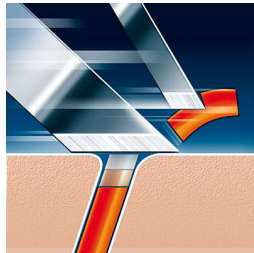

The three shaving tracks of the Triple-Track shaving heads offer 50% more shaving surface than standard, single track rotary shaving heads.

Flex and Pivot Action

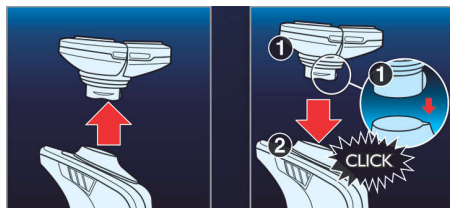

Three independently flexing heads in a shaving unit that swivels with full range of motion. This unique combination ensures optimum skin contact in curved areas to catch even the most problematic neck hair.

Super Lift & Cut technology

Dual-blade system of your Philips shaver: first blade lifts, second blade cuts for a comfortable close shave.

Easy click off, click on

Easily renew your shaving unit using our click off, click on system.
