Avent Breast care

Express comfortably, store, feed, and protect your nipples with the Philips Avent Breastfeeding solutions set.

Express

- Manual breast pump with massage cushion

Feed

- Bottles clinically proven to reduce colic

Store

- Sealing discs

Care

- Moisturizing nipple cream

Highlights

Manual breast pump

Being stressed or in a hurry can make it more difficult to release your milk and can also affect your milk supply. So feeling comfortable and relaxed really helps. Our manual breast pump has been designed to increase your comfort when you are pumping.

Bottles clinically proven

Unique anti-colic system consists of the Philips Avent nipple and adaptor ring allowing air to flow into the bottle instead of your baby's tummy for better digestion.*

Moisturizing nipple cream

Hypoallergenic for mother and baby. Moisturizes and softens dry or sensitive nipples. Easy to apply and no need to remove before breastfeeding.

Sealing discs

Convert all Philips Avent bottles into milk storage containers.
