Fast, intelligent warming

Ultra fast, multiple warming options

The new Digital Bottle and Baby Food Warmer makes it easy to warm baby's feed quickly and safely. The advanced technology automatically calculates the warming time. Just select a few starting options and let the Bottle Warmer do the rest.

Benefits and features:

- Heats safely and evenly
- Ideal for all types of feed
- iQ Technology- Responding intelligently to meet your needs
- Ultra fast, multiple warming options
- Lets you know when feed is ready

Highlights

IQ- Responding intelligently to meet your needs

Philips AVENT iQ products with advanced technology are intelligent and responsive – designed to make feeding and caring for your baby easier.

Ultra fast, multiple warming options

Simply select from a few options and the iQ technology calculates the warming time to heat your baby's feed gently and evenly.

Lets you know when feed is ready

Easy to use digital display keeps you informed.

Heats safely and evenly

Feeds are heated evenly without hot spots. Automatic shut-off means no risk of overheating.

Ideal for all types of feed

For milk and baby food from the fridge, freezer or at room temperature. Fits all AVENT Bottles, VIA Cups and baby food jars. **
