- LCD with clock and timer display

PHILIPS

Highlights

Fuzzy Logic control

The computerised heating mechanism of the Philips rice cooker and temperature control for optimal cooking result in different programs.

2 rice cooking menus

Rice menu includes: normal, quick rice cooking

Congee cooking

Congee cooking with optimal results

Reheat function for fresh rice

Use the reheating mode of the Philips pressure rice cooker to warm up rice that has cooled down.

Ideal for cooking a small amount

0.4-litre capacity for cooking small amounts, or for small families

Automatic 12 hours keep warm

Use the keep warm function to keep rice or dishes warm for a longer period of time,

without losing food nutrition and taste. When the cooking process is finished, the rice cooker automatically switches to the keep warm mode

LCD display

LCD displays the cooking time, clock and timer setting

Easy-to-program timer

Use the timer for the rice cooking functions and the steam, stew, congee cooking and soup cooking mode. Timer cooking can be preset up to 23 hours in advance

Advanced lid design

Cool surface, easy to access with one touch button

Swing handle

Convenient and safe for carrying the Philips rice cooker away from the kitchen or serving rice in dining room.

Durable, extra-thick non-stick inner pot

Durable, extra-thick non-stick inner pot
