## Highlights

### Good vibrations

Think of the One like a manual toothbrush that works harder and faster. 13,000 microvibrations per minute and contoured bristles gently clean your teeth for a whiter, brighter smile.

### The One that goes with you

The One is made to travel so you can get that clean feeling in any place. It's sleek and lightweight and fits neatly into a compact travel case.

### Routine made easy

Sometimes, we all need a little guidance. The One buzzes every 30 seconds encouraging you to move on to the next part of your mouth. A longer buzz at 2 minutes lets you know when the job is done.

### A colour for every style

From Miami to Midnight, Mango to Mint, choose the colour to match your style. You can mix and match the brush head with the handle and create your own colour combination.

### Brush for 90 days

Brush with the One for 90 days on a single AAA battery. That's three months of whiter, brighter smiling.
