PHILIPS

Highlights

One cup indicator

Enabling consumers to boil the amount of water they need, and therefore saving of up to 66% energy and water, contributing to a better environment.

Hinged lid

Hinged lid with large opening for easy filling and cleaning, also avoiding steam contact.

Flat heating element

The stainless steel concealed element of the Philips kettle ensures fast boiling and easy cleaning.

Bell rings when water is ready

Bell sounds when your water has reached boiling point.

Multi safety system

Multi safety system against boil-dry, with auto switch off when ready.

Power cord winder

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Pilot light

Elegant light incorporated in the on/off switch indicates when the kettle is on.

Water level indicators

Easy to read water level indicators on both sides of the Philips electric kettle for left and right handed use.

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.

Micro-mesh filter

The removable micro-mesh filter on the spout restrains all scale particles with size > 200 micron and ensures that the water you put into your cup is clean.
