Skincare hand shower

Skin care

Remove residual chlorine

Two spray modes

Easy clean nozzle

AWP1708CH

Say hello to more moisturized skin.

With a graceful curves design and 3-in-1 filter, this skincare hand shower can remove residual chlorine and provide moisturizing element for skin care, the rose aroma is released through spray, and surrounds the body after shower.

Filter for skin care

- Rich in vitamin C, hyaluronic acid and polyglutamic acid
- Rapid release of skincare element by rotary structure
- Rose aroma surrounds the body after shower
- Pressurized spray for refreshing tired skin

Exquisite design, outstanding appearance

- Graceful curves design
- 6 layers electroplating process for lasting color

User friendly design

- Raw water spray for daily cleaning
- Easy to remove limescale with liquid silicone nozzle
- Easy to replace filter by 3 steps

Highlights

Skincare spray

Skincare spray is rich in vitamin C, hyaluronic acid and polyglutamic acid, can remove residual chlorine and provide moisturizing element for skin care.

Filter rotary release structur

Filter will rotate through the water flow, drive the skincare element to be released quickly after integrating with water.

Rose aroma

The rose aroma is released through spray, makes you enjoy the refreshing shower

Pressurized spray

76 small nozzles realize pressurized spray, relieve the trouble under low water pressure environment, and high dense spray can bring full relaxation to the skin.

Curves design

Hand shower adopts a graceful curves design, decorates the connection between shower head and handle with champagne gold ring, which is exquisite and attractive.

6 layers electroplating proces

The electroplated coating can pass the test of 24-hour acetic acid salt spray, and reach grade 10 standard*, which is glossier, more corrosion-resistant, wear-resistant and high temperature resistant.

Raw water spray

Raw water spray can be easily switched by plectrum, which is used for daily washing and bathroom cleaning without wasting filter element.

Easy clean silicone nozzle

The nozzles are made of liquid silicone. The high-quality, tear-resistant liquid silicone is easy to rub by your fingers. You only need to rub the nozzles gently to remove the limescale.

Easy to replace filter

You can change the filter easily by unscrewing the handle with hand, no need to use extra tool.

Specifications

General specifications

Type: Filter type

Shower head size: Ø113mm

Spray type: Skincare spray/Raw water spray

Switching mode: Plectrum

Finishing: Electroplating

Color: Chrome

Connection type: G1/2

Inlet water temperature: 4-60 °C
