Philips Filter cartridge

## AWP261

# Clean water made easy

Ultrafiltration system reduces bacteria by 99.9%

With a multi-stage ultrafiltration system, this replacement filter reduces chlorine, particles and microplastics and removes up to 99.9% of bacteria\* for healthy and tasty drinking water, while retaining beneficial minerals.

#### **Cleaner water**

• Effectively reduces bacteria by 99.9%

### Made easy

• Simply discard the one-piece filter after use

#### AWP261/10

# **Specifications**

#### **General specifications**

• Compatible model: AWP2950, AWP2970

#### **Filter specifications**

- Filtration capacity: 200 L
- Main filter media: Ion-exchange resin, Hollow-fibre membrane

#### Filtration performance

- Bacteria removal: Yes, up to 99.9%\*
- Microplastics reduction

- Chlorine reduction
- Soluble lead reduction: N/A
- Water hardness reduction: N/A

#### Input water conditions

- Input water pressure: (atmospheric) 0-1 Bar
- Input water quality: Mains tap water
- Input water temperature: 5-38 °C

#### **Country of origin**

• Filter: China

# Highlights

#### One-piece disposable filter

It is convenient and safe to discard the one-piece filter after use, avoiding secondary pollution.

### 3-stage ultrafiltration

The 3 stage ultrafiltration system consists of non-woven fabric, granular activated carbon and hollow fibre membrane, which effectively reduces chlorine, pesticides, chemicals and up to 99.9% bacteria\*. It also reduces particles down to 0.01 micron including microplastics for crisp and pure-tasting water, while retaining beneficial minerals.
