Philips Respironics Amara View

Under-the-nose mask

HH1232/02

Highlights

Wide field of view

It's easy to wear glasses, read or watch TV before bedtime without a bulky frame or cushion in front of the face and eyes.

Innovative design for comfort

Amara View's innovative under-the-nose cushion is designed to prevent red marks, discomfort and irritation on the nose bridge that many patients experience while wearing a traditional full face mask.

Quick and convenient release

The quick-release tube is designed to aid in easy disassembly as you get up throughout the night.

Easy to use

Amara View is designed to be easy to use with one modular frame for all cushion sizes.
