Powerful shave, gentle on skin with SenseIQ Technology

The Philips Norelco Series 5000 delivers a powerful shave, cutting now even more hair per stroke*. Equipped with advanced SenseIQ technology, the shaver senses and adapts to your hair density, for improved skin comfort.

A powerful shave

- Powerful performance in every pass
- Engineered for precision and cutting efficiency
- Flexible heads follow your facial contours

SkinIQ technology

- Adjusts to your beard for effortless shaving

For a convenient shave

- Up to 60 minutes of cordless shaving when fully charged
- 1-hour charging time and 5-min quick charge
- LED display with icons to use the shaver intuitively
- One-touch open for easy cleaning
- Shave wet, dry and even under the shower
- Precision trimmer integrated in the handle

Sustainability

- Convenient charging

Shaver Series 5000

Wet & Dry electric shaver

S5880/81

Highlights

SteelPrecision blades

With up to 90,000 cutting actions per minute, the SteelPrecision blades shave close, cutting more hair per stroke*. The 45 high-performance blades are self-sharpening and made in Europe.

Smart Hair sensor

The intelligent facial-hair sensor reads hair density 250 times per second. The technology dynamically auto-adapts cutting power for an effortless and gentle shave.

360-D Flexing heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Hair-Guide Precision heads

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

Pop-up trimmer

Complete your look using the shaver's pop-up precision trimmer. Integrated into the shaver's body, it's the perfect way to maintain a mustache and trim sideburns.

60 minutes of cordless shaving

Shave cordlessly for up to 60 minutes after one full battery charge.

1-hour charging time

Charge your shaver fully in just 1 hour with the powerful and energy efficient lithium-ion battery. In a hurry? Plug in your shaver for 5 minutes and get enough power for 1 full shave.

Sustainable shaving innovation

Our production facility for blades uses 100% renewable electricity, and our packaging is made with recyclable materials. All shavers come with an Eco passport.

LED display

The intuitive display shows relevant information, enabling you to get the best experience out of your shaver. This interface includes: 3-level battery status, cleaning advice and travel lock indicator.

USB-A charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market.
