## Supports baby's individual drinking rhythm

### A nipple that works like a breast

This Newborn Gift Set is perfect start to feeding & soothing. With Natural Response Nipple babies can drink at their own rhythm like on the breast, easy to combine breast and bottle feeding. Finding the right nipple is important. See below.

#### Easy to combine breast and bottle feeding

- Natural latch on with breast-shaped nipple
- Nipple releases milk when baby actively drinks

#### Other benefits

- Choose the right nipple flow for your baby
- No-drip nipple design prevents spills and lost milk
- Compatible across the Philips Avent range
- Easy to hold even for little hands
- Simple to use, easy to clean and quick to assemble
- Natural Response Nipples and Bottles are BPA free\*
- Bottle brush with curved head for easy cleaning
- One piece, silicone Soothie pacifier helps calm babies

#### Vents air away from your baby's tummy

- Designed to reduce colic and discomfort

#### Finding the right nipple is important

# Highlights

## Natural Response Nipple

The Natural Response Nipple works with your baby's natural feeding rhythm, making it easy to combine breast feeding and bottle feeding. The nipple has a unique opening which only releases milk when the baby actively drinks. So when they pause to swallow and breathe, the milk pauses too.

## Find the right nipple flow

Every baby feeds differently, and develops at their own pace. We've designed a range of flow rates so you can find the perfect one for your baby and personalize your bottle. All of the Natural Response Nipples are made of soft silicone.

## Finding the right nipple is important

If your newborn baby is consistently not taking enough milk throughout the feeding sessions or has complications in getting milk, switch to a

nipple with a higher flow rate. If persistent feeding issues occur, consult a healthcare professional.

## Anti-colic valve

Anti-colic valve is designed to keep air away from baby's tummy during feeding, to help reduce colic and discomfort.

## No-drip nipple

The nipple opening is designed to release milk only when the baby is feeding. So you can confidently avoid milk loss whether at home or on the go.

## Natural latch on

The wide, soft and flexible nipple is designed to mimic the shape and feel of a breast, helping baby to latch on and feed comfortably.

## Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

## Easy to hold

The ergonomic bottle is easy to grip at any angle to give maximum comfort during feeding. Easy for your hands and tiny hands to hold.

## Soothie pacifier

Made of hospital grade silicone, Soothie is used by medical professionals to calm newborns. Designed with a symmetrical shape to respect your baby's palate, teeth and gums as he or she grows.

# Specifications

## Material

**Bottle:** Polypropylene, BPA free\*

**Nipple:** Silicone, BPA free\*
