- Teat releases milk when baby actively drinks

### Other benefits

- Choose the right teat flow for your baby
- No-drip teat design prevents spills and lost milk
- Simple to use, easy to clean and quick to assemble
- Natural Response Teats and Bottles are BPA free\*
- Pharmaceutical grade glass, purity and heat resistance
- ultra soft soother, for your baby's sensitive skin
- Be patient as your baby adjusts

### Vents air away from your baby's tummy

- Designed to reduce colic and discomfort

# Highlights

## Natural Response Teat

The Natural Response Teat works with your baby's natural feeding rhythm, making it easy to combine breast feeding and bottle feeding. The teat has a unique opening which only releases milk when the baby actively drinks. So when they pause to swallow and breathe, the milk pauses too.

## Natural latch on

The wide, soft and flexible teat is designed to mimic the shape and feel of a breast, helping the baby to latch on and feed comfortably.

## Anti-colic valve

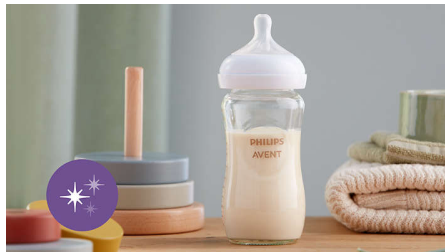

Anti-colic valve is designed to keep air away from baby's tummy during feeding, to help reduce colic and discomfort.

## No-drip teat

The teat opening is designed to release milk only when the baby is feeding. So you can confidently avoid milk loss whether at home or on the go.

## Heat resistant glass

Made of premium quality borosilicate glass, the Philips Avent glass bottle is heat and thermal shock resistant. It can therefore be safely stored in the fridge, warmed, and is also suitable for sterilization.

## Simple to use and clean

The wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

## ultra soft soother

The super soft, flexible shield follows the shape of your baby's cheeks, leaving fewer marks and causing less skin irritation, for more comfortable soothing.\*

## BPA-free\*

The Philips Avent Natural bottles and teats are made of BPA free\* material.

## Find the right teat flow

Every baby feeds differently and develops at their own pace. We've designed a range of flow rates so you can find the perfect one for your baby and personalise your bottle. All of the Natural Response Teats are made of soft silicone.
