

Philips
Steam generator iron

Max 5.2 bar pump pressure
1.1-l detachable water tank
300 g steam boost

HI5920

Faster ironing

With extra steam

This steam generator makes your ironing experience faster thanks to extra powerful continuous steam, and more convenient thanks to a 1.1 l detachable water tank.

Comfortable ironing

- Automatic shut-off mode when the iron is left unattended

Fast and powerful

- Calc-clean container included — no cartridges, no extra cost
- Ceramic soleplate for durability and easy gliding
- Powerful steam for ultimate crease removal

Compact and convenient

- Lightweight and compact for easy use and storage
- 1.1-l detachable water tank

PHILIPS

Highlights

Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It is non-stick, scratch-resistant and simple to keep clean.

Detachable 1.1 l water tank

The water tank can be removed to be refilled easily under the tap. The large filling hole makes refilling fast. Thanks to the 1.1-l water tank capacity, you can iron for up to 2 hours continuously without any refills.

Smart descaling

Our built-in descaling system, Smart Calc Clean, reminds you when you need to descale. It also includes a container to make descaling easy. This means no cartridges are required and there are no additional costs.

Strong, continuous steam tackles even the thickest fabrics with ease. Watch stubborn creases melt away with an extra steam boost just where you need it. This extra steam is perfect for vertical steaming to refresh clothes and curtains, too.

Auto shut-off

1) The iron activates the "standby mode" when it is not used for 5 minutes and the 'iron ready' light flashes. Press the steam trigger or turn the temperature dial to activate it again. 2) The iron shuts off automatically when it is not used for 15 minutes and the 'iron ready' light is turned off. Move on/off switch to activate the iron again.

Specifications

Technical specifications

- Heating time: 2 min.

Design

- Colour: Workwear Blue

Easy to use

- Water tank capacity: 1100 ml
- Soleplate name: Ceramic
- Detachable water tank
- Refill anytime during use
