A light, breathable soother

Easy to find in the dark

Soothe your baby with a soother that lets skin breathe and is easy to find at night. The Philips Avent ultra air night has extra-large holes to keep skin dry and a glow-in-the-dark button so you can see it while the lights are off.

Keeps your baby's skin soft and dry

- Lets skin breathe

Sterilise and store in one handy case

- Sterilise and store in one handy case

Smooth teat for extra comfort

- Loved by babies worldwide*
- The ideal texture for a feeling of comfort
- Respects the natural shape of the palate, teeth and gums

Designed especially for growing teeth and gums

- Respects the natural shape of the palate, teeth and gums

Easy to find in the dark

- Easy to find at night

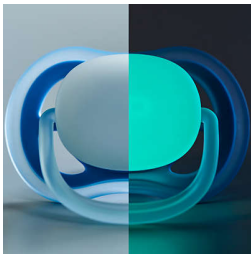

Highlights

Easy sterilisation and storage

The ultra air travel case doubles as a steriliser, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

Glow in the dark

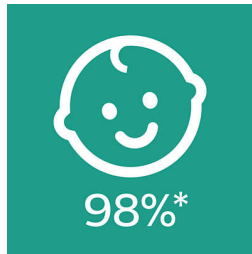

Use ultra air's glow-in-the-dark button to find your baby's soother quickly without having to switch on the lights

Orthodontic, extra-firm teat

Our symmetrical teat respects the natural shape of your baby's palate, teeth and gums. It's also extra firm, which makes it ideal for growing mouths.

98% teat acceptance*

When we asked mothers how their little ones respond to our textured silicone teats, an average of 98% said that their baby accepts the Philips Avent ultra soft and ultra air soothers.

Smooth teat

Every detail of the ultra air soother is designed to feel light and comfortable, including the smooth teat.

Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

Healthy oral development

Look after your little one's oral development with a symmetrical teat that respects the natural shape of the palate, teeth and gums.
