#### Care for your hair

- ThermoProtect temperature setting

#### Professional salon-style results

- Dryer: 6 heat/speed setting for full flexibility
- 1800W for fast drying
- 20 mm concentrator for precise styling
- Cool Shot sets your style

## Highlights

### 1800W for fast drying

This 1800W hairdryer creates high airflow and drying power, for beautiful and salon like results every day.

### ThermoProtect temperature

The ThermoProtect temperature setting with the constant airflow temperature allows you to quickly dry your hair without overheating, maintaining your hair's natural moisture level, for shiny healthy looking hair.

### 6 heat/speed settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

### 20 mm concentrator

The opening of the 20mm nozzle concentrates the flow of air to specific areas. Use for focused styling together with the dryer and a brush.

### Cool Shot

A must-have professional function, the Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

### 1.8 m cord

Convenient to use thanks to the 1.8-m power cord length.

### Easy storage hook

A rubberised hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.
