- Warranty period: 2 years

PPM3321GY/79

# Highlights

### Convenient wearable design

You can wear a massager like a shawl to massage your neck and shoulders, and then continue to work or read with your hands. There is no need to hold the handles like other massagers with similar functions.

### Full body massage

With the flexible design of the massager, you can easily put it on your back, waist, legs or other body parts and enjoy a relaxing massage.

### 66 types of massage choices

There are 6 levels of force and 11 built-in massage modes to simulate various massage techniques from hand tapping to punching. You can choose the appropriate force and frequency to make you feel comfortable.

### Relaxing hot compress

Hot compresses are conducive to blood circulation and muscle relaxation. The hot compress massage effect is particularly good, which will relax your body and mind from heavy work and high pressure. Turn on the hot compress function to get a better soothing massage.

### Easy to operate

Direct and efficient operation of the massager and inspection settings are achieved through the LED screen. You only need to press the button to adjust the force up and down, select different modes, to set it up for you, and finally enjoy the massage.
