Highlights

3 modes to select

Filtered stream water is tailored for drinking and cooking, while unfiltered stream and unfiltered shower modes are suitable for washing dishes and other cleaning purposes.

Easy filter replacement

Effortlessly replace the expired filter with a new one with a simple twist.

Filter replacement reminder

Timer reminds you when to replace the filter for the best result.

One-click installation

After the correct adapter has been installed, simply attach the filter to the tap, release and you are good to go!

Economical and eco-friendly

Great-tasting water at a fraction of the cost and waste of bottled water.

X-Guard Ultra filter

By adopting the innovative activated carbon-fibre and hollow-fibre membrane, this X-Guard Ultra filter effectively reduces chlorine, lead, pesticides, microplastics and particles down to 0.1 micron. It also filters up to 99.99% of bacteria.
