- Warranty period: 2 years

Highlights

Vibration wave massage

In massage mode, the massager will produce a continuous vibration wave around eyes. The massage vibration wave can help to reduce the pressure of eyes and mind, thus help users to fall asleep more easily.

Thermostatically hot compress

With the hot compress mode, you can enjoy a comfortable hot feeling on your eyes. It can help to increase the blood circulation and remove fatigue.

3D stereo forming

With the 3D stereo forming technology, the eye mask fits the face well and completely prevents light to provide a perfect shading for deep sleep.

Anti-bacterial and waterproof

The fabric of this eye mask massager has applied nano- technology, which is anti-virus and waterproof. It can prevent from getting dirty and smelly. You can use wet cloth to scrub and make it clean easily.

Cold compress with ice bags

There is a gel ice bag in the package. You can put it in the eye mask for cold compress to remove eye pouch or reduce swelling.

Removable battery

With a magnetic connector on the battery, you can remove and charge the massager easily. The eye mask can be used separately after charging. If you want to use the massage function when battery removed, you can use the power cable.
