Highlights

Brushed stainless steel wrap

Sleek design with brushed stainless steel finishing easily fits your kitchen or home styles.

Eco-friendly

One carbonating cylinder makes up to 60 liters of delicious sparkling water, replacing 120 single-use plastic bottles.

Built-in safety relief valve

When the machine is operating, the safety relief valve releases the pressure inside the bottle automatically. The buzzing sound also indicates the sparkling water is ready to be enjoyed.

BPA-free material

BPA-free material.

3 steps: fill, twist and press

3 easy steps to make fresh sparkling water at home: fill, twist and press!

Adjustable carbonation level

Customize the carbonation levels based on your personal preference. Simply repeat the carbonation process to have more tongue tingling bubbles!

No electricity required

The soda maker requires no electricity to operate, so you can get fresh sparkling water anytime and anywhere. All you need to do is to press the button and then enjoy.
