Highlights

3D massage

Using two 3D massage nodes, you can simulate the massage action of manually pressing, pushing and kneading for a more thorough massage.

4 massage modes

There are 4 modes available: clockwise kneading, counterclockwise kneading, clockwise heating kneading and counterclockwise heating kneading. Various modes can meet for the relaxation needs of different parts of body at any time. You can easily enjoy favorite massage experience.

Hot compress

When kneading, apply a constant temperature at about 42 degrees to promote blood circulation, relieve pain and relax muscles.

Rabbit-shaped appearance

It adopts a rabbit-shaped appearance design, so that the massager can fit the outline of your body. You can enjoy a comfortable massage.

One-click control

Simplify the operation. Simplify all settings with one click.

Soft and skin-friendly

With durable elastic fabric and short flannel materials, you can enjoy a better touch, soft and breathable.

Timing function

Automatically turn off after 15 minutes of massage to avoid damage to muscle and skin by excessive massage and overheating.

Various uses

The massge adopts an outstanding appearance and suitable materials, and has a variety of use. It can massage your neck, back, waist, thighs, calves and other parts. You can also use it as a cushion and a nap pillow.

No restraints with power cords

Powered by large-capacity lithium batteries, it provides long battery life. Enjoy massage and relaxation anytime and anywhere with using the power cord.
