- Water temperature: Ambient, 45, 55, 65, 75, 85, 95 °C
- Water volume: 150, 200, 300, 500, 999ml
- Raw water tank: 4L
- Product size: 232*310*430mm
- Rotating base
- UV sterilization
- Filter lifetime indicator
- Input water temperature: 5-38 °C

Highlights

Premium RO filtration

The innovative AquaShield All-in-One RO filter removes 110 kinds of harmful substances that may exist in the tap water*, delivering similar water quality as distilling.

UV-LED sterilization

UV-C LED triggers a photochemical reaction to destroy the DNA of bacteria. It acts as the second line of defense, eliminating up to 99.9%** of bacteria in the filtered water tank, further ensuring the water cleanliness.

Hot water in 3 seconds

Thanks to the instant heating technology, the fresh hot water comes out within seconds, at the exact temperature you like. No more waiting.

7 preset temperatures

Precisely controlled temperatures for your different needs. No more waiting for cooling down to a specific temperature. No matter coffee, tea or honey water, you can always make your favorite drink within seconds.

5 preset water volumes

150ml, 200ml, 300ml, 500ml, and 999ml, you can always find the best volume setting for your favorite cups or jugs.

Big touch screen

Premium design with big LED display. Hot and ambient water are at a touch of the screen.

Rotating base

Easy to extract water and refill the water tank from both sides with the rotating base.

No installation required

No installation needed for the dispenser. With a compact design, you can put it anywhere at home.

Long-lifetime filtration

The all-in-one RO filter lasts up to 12 months***. You only need to replace the filter once a year and enjoy your clean water supply the rest of the time.

Plastic bottles saved

The best packaging is no packaging. No more heavy carry and queuing up to buy bottled water. Pure-tasting water comes on demand straight from your dispenser.

Energy saving

Heat up just at the moment you dispense. No more extra energy to keep warm, or re-boil. Freshness for you, and energy-saving for the world.
