Highlights

ProKnead Technology

A unique technology that mimics the motion of the hand by pressing and stretching the dough simultaneously, for the perfect, hassle-free elastic dough in just 3 minutes.*

NutriU app

Use the NutriU App in combination with the Philips Kitchen Machine so you no longer have to guess which settings to use. Choose a recipe and the app will guide you from start to finish for guaranteed perfect results.

Glass blender

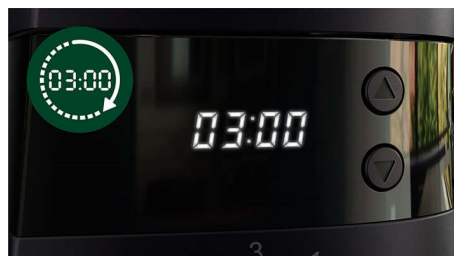

Complement your bakes with soups and sauces, or even a perfectly textured smoothie, thanks to our Blender with ProBlend Technology.

Meat mincer

With stainless steel blades and powerful motor, our Meat Mincer ensures fast results when making kofta kebab, sausages or meatballs (mince 1kg of meat in less than 2 minutes**)

LED Smart timer

Simply set the Smart timer, add your ingredients and let the Kitchen Machine do the hard work for you. Focus on other steps while achieving your desired mixing results. The device automatically switches off at the end of the set time.

Automatic Bowl Lighting

Automatic bowl lighting illuminates the ingredients inside the bowl during the mixing

process allowing you to clearly see the color & texture.

Splashguard

Keep your counter clean with the splash guard accessory. It ensures that no ingredients leave the bowl and makes pouring easy.

Powerful 1000W motor

For perfect kneading results, even with heavy doughs.

Perfect Fit Mixing

Scrape all the edges of the bowl, thoroughly mixing all your ingredients, thanks to perfect fit mixing.

8 Different Speed Settings

To fulfill all of your mixing and kneading requirements, fast or slow.
