- NeoPix 120 in True HD 720p

Deep silence and punchy sound
- 2.1 Powerful sound system
- Super silent

# PHILIPS

Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!
2.1 Powerful sound system

Thanks to its 2.1 audio system (two speakers and a subwoofer), immerse yourself in an exceptional sound sensation. Thanks to its 3.5mm jack output, connect your earphones or even bigger sound with speakers.

Built-in media player

Thanks to the integrated media player, you have everything at your fingertips: browse and watch all your videos, listen to your music or project your latest holiday photos. Just plug your USB Stick or hard drive to enjoy all your local content.

Extended image correction

Position the product where you prefer! Keystone correction and digital zoom technology will enable you to fine-tune the image to your exact need and place the projector at almost any distance. With the noise reduction technology, adjust your image for lifelike videos or cinema motion pictures

NeoPix 120 connection

Connect any media device: set-top boxes, computers, game consoles and streaming

boxes such as Fire Stick or Apple TV thanks to its built-in USB, HDMI. Enough of wires! Connect your smart dongles (Amazon Fire Sticks, Roku...) to the USB power out (5V2A) and get rid of an external adapter.

NeoPix 120 in True HD 720p

The NeoPix 120 offers True 720p HD for watching all your favourite movies and TV shows on a 65" screen. The short throw engine helps to reduce the projection distance to get an even bigger picture when it's only 2 meters away from the wall. The NeoPix 120 is equipped with an integrated stand screw and can be mounted on the ceiling.

Super silent

Fully engineered to improve airflow and heat dissipation while maintaining a compact design. Enhanced by the use of high-performance fans, it offers an unprecedented silence.
