Highlights

AirMote

Easily navigate thanks to the intuitive AirMote control by pointing or using gestures to pick and choose what you want to watch.

Bluetooth BoomBoxes

Play your music directly on the projector. Use your Screeneo as a Boombox by connecting your smartphones or any other Bluetooth device to enjoy big sound.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holidays pictures.

Fully Connected

The Screeneo S Collection comes with all the connectivity you need. Wi-Fi, Bluetooth, USB, HDMI, SPDIF, Connect your game consoles, Blu-ray player, smart boxes or set top boxes to enjoy all your contents.

HDR for advanced contrast

High Dynamic Range is the new video standard that redefines in-home entertainment through advances in contrast and colour. With HDR 10, enjoy a sensory experience that captures the original richness and liveliness, yet accurately reflects the content creator's intent.

Low fan noise

Our all-in-one Screeneo S Collection projectors are designed to dissipate heat through the aluminum side grids along with a state-of-the-art ultra low noise fan.

Perfect image

Get a perfect picture, automatically and straight out of the box with the Auto Keystone, Auto focus. The Digital Zoom will help you to adjust the image size without moving the projector and because you don't always place your projector in front of the wall, we added a 4 corners correction to fine tune your image and get a perfect fit even if your device is up to 45 degrees on your right or left side.

Smart Android OS for apps

Take full advantage of an endless entertainment with Android OS. All your favorite apps are pre-installed, out of the box. Enjoy Youtube, Netflix and more!

Superior Stereo Speakers

No need extra sound bar or home-cinema! The Screeneo S Collection provides endless vibrant, clear, and powerful sound with deep bass.
