Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!

Customize your projection

Place the product where ever you want! The keystone correction combined with the focus technology allow you to fine-tune images to your needs and place your projector at any distance.

Project images up to 80"

Project images and videos up to 80" (200cm) from less than 2 meters from the wall.

TV shows streaming

Stream any TV shows or movies via Wi-Fi from your smart devices.

Wi-Fi screen mirroring

Connect your mobile devices such as a tablets, smartphones or even computers wirelessly to mirror and share all your contents. Videos on your phones? No worries, just cast it through Wi-Fi! (IOS, Android, Mac and PC)

Built-in stereo speakers

No need for extra sound system, the built-in stereo speakers produce deep room-filling sound perfect for movies at home.

External bluetooth speakers

Connect wirelessly your projector to external boomboxes or soundbars to bring life to your movies and gaming sessions.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holidays pictures.

Fully Connected

Connect any multimedia devices such as set top boxes, PC, MAC, gaming consoles, and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.
