Sound Everywhere

- Stereo speakers for captivating sound
- Audio jack

Highlights

Fully Connected

Connect any multimedia devices such as set top boxes, PC, MAC, gaming consoles, and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it, it lasts 20 years if used 4h per day! In addition, the power consumption is far lower than a regular lamp based projector: a bigger screen, an immersive experience with an eco friendly device!

Audio jack

Connect any headphones or external powered speakers with the built-in 3.5 jack.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holidays pictures.

Project images up to 80"

Project images and videos up to 80" (200cm) from less than 2 meters from the wall.

Customized projection

Place the product wherever you want! The keystone correction combined with the focus technology and the 4 corners correction allow you to fine-tune images to your needs and place your projector at any distance.

Smart Philips OS system

Integrated smart Philips OS with pre-loaded apps like YouTube, Netflix, Firefox and more! (more apps will be pushed via FOTA). The Dual Band Wi-Fi connectivity brings you the speed you need to stream all your content.

Stereo speakers

Integrated stereo speakers with equalization and surround sound.

True HD 720p resolution

True HD 720p resolution projection delivering clear text and sharp image quality.
