- Project images up to 65"
- Advanced LED Light Source

Up to 3h battery

- Built-in speaker for captivating sound
- Built-in 3 hours battery for cable-free projection

Connect and Play

- Mini HDMI

Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!

Built-in 3 hours battery

Get entertainment on the go with the built-in battery providing up to 3 hours of projection.

Built-in speaker

No need for extra sound system, the built-in speaker enables the performance you need in a small package.

Mini HDMI

Connect all your favorite devices via HDMI like smart dongle or box, video game console, smartphones and more!

Pocket-size

A palm-size projector always in your pocket or bags catering on-the-go traveler and wild addict. Throw huge image on any walls, ceilings, ground and even on your tent!

Project images up to 65"

Entertainment in every room, project anything up to 65" (165cm) diagonal.
