# Highlights

## Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!

## Focus adjustment

Place your projector at any distance and adjust the focus to fine-tune images to your needs.

## Project images up to 60"

Project images and videos up to 60" (150cm) from less than 2 meters from the wall.

## Built-in speaker

No need for extra sound system, the built-in speaker enables the performance you need in a small package.

## Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holidays pictures.

## Fully Connected (USB via micro)

Play all your videos, pictures and audio files from the MicroSD or USB port. Charge your projector at the same time thanks to the dedicated USB cable.

## Built-in 80mins battery for

Get entertainment on the go with the built-in battery providing up to 80mins of projection.

## Entertainment on the go

Bring it from room to room or to your friends.

## Pocket Friendly

A palm-size projector always in your pocket or bags catering on-the-go traveler and wild addict. Throw huge image on any walls, ceilings, ground and even on your tent!

## Wi-Fi screen mirroring

Connect your mobile devices such as a tablets, smartphones or even computers wirelessly to mirror and share all your contents. Videos on your phones? No worries, just cast it through Wi-Fi! (IOS, Android, Mac and PC)
