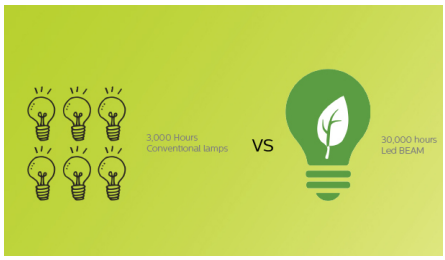
Highlights

Advanced LED Light Source



The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it, it lasts 20 years if used 4h per day! In addition, the power consumption is far lower than a regular lamp based projector: a bigger screen, an immersive experience with an eco friendly device!

Built-in 3 hours battery

Get entertainment on the go with the built-in battery providing up to 3 hours of projection.

Built-in speaker

No need for extra sound system, the built-in speaker enables the performance you need in a small package.

Mini HDMI

Connect all your favorite devices via HDMI like smart dongle or box, video gamde console, smartphones and more!

Pocket-size

A palm-size projector always in your pocket or bags catering on-the-go traveler and wild addict. Throw huge image on any walls, ceilings, ground and even on your tent!

Project images up to 65"

Entertainment in every room, project anything up to 65" (165cm) diagonal.
