## Everything you need for great oral health

### Whiter teeth in 1 week

Keeping up good brushing habits is tough. Series 7900 will guide you between dentist check-ups. Know when to adjust your pressure with built-in smart sensors and use the App's Progress Report to help you stick to your brushing routine.

#### **Proven to improve oral health**

- Up to 7x more plaque removal than a manual toothbrush
- Whitens teeth in just one week

#### **Enjoy a stylish and user-friendly design**

- USB charging travel case charges your handle anywhere
- Simple to charge and style to boot

#### **Let ExpertClean adapt to your needs**

- Personalised brushing experience
- Always know when to replace your brush heads
- BrushSync automatically selects the best mode for you
- Lets you know if you're pressing too hard

#### **Stay on track with personalised guidance**

- Guidance to start and keep up healthy habits

# Highlights

## Charge while on the go

Now you can charge your toothbrush while on the go with the new charging travel case. Charging can be done with a USB port or wall outlet.

## Progress Report

Series 7900 gives you the guidance that you need to improve and maintain healthy brushing habits in between dentist check-ups. Built-in smart sensors let you know when you're using too much pressure, and by connecting your brushing experience to the Sonicare app, a personalised Progress Report helps you stay on track and see how much you've improved over time.

## 4 modes, 3 intensities

ExpertClean comes with Clean, White+, Gum Health and Deep Clean+ to take care of your brushing needs. Clean mode is for exceptional everyday cleaning, White+ is for removing stains, Gum Health provides a gentle yet effective clean for gums and Deep Clean+ gives you an invigorating deep clean. Three

intensities allow you to choose between a higher setting to boost your clean and a lower one for more-sensitive mouths.

## BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync technology tracks how long you've been using your brush head for and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep remind you when it's time to replace it.

## Say goodbye to plaque

Densely-packed, high-quality bristles remove up to 7x more plaque than a manual toothbrush.

## Smart brush head recognition

Smart brush heads ensure you're using the right mode and intensity for the best possible clean. For example, if you're using the G3 Premium Gum Care brush head, your ExpertClean's BrushSync technology will

automatically sync your brush head with the Gum Health mode to help give your gums a clean bill of health.

## Long-life battery

Your Series 7900 will last for up to two weeks on a single charge with regular use.

## Built-in pressure sensor

You might not notice if you're brushing too hard, but your Series 7900 will. If you need to ease off, the toothbrush will make a pulsing sound. It's a reminder to let your brush head do the work. 7 out of 10 people found that this feature helped them become a better brusher.

## Naturally whiter teeth

Click on the W2 Optimal White brush head to remove surface stains and reveal a whiter smile. With its densely packed central stain-removal bristles, it's clinically proven to whiten teeth in just one week.
