Proven to improve oral health

- Clinically proven safe and gentle

Provides a superior clean

- Sonicare dynamic cleaning action drives fluid between teeth
- Angled brush head neck for better reach to back teeth

Guides you to follow dental recommendations

- Two-minute timer helps ensure recommended brushing time

Highlights

Sonic technology

Philips Sonicare electric toothbrush's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

SmarTimer

2-minute timer on this Philips Sonicare electric toothbrush helps ensure dental professional recommended brushing time
