Ironing reimagined

Greater versatility, performance and convenience**

The Philips All-in-One 8500 Series is the game-changing solution to look your best. The steaming and ironing combination is a convenient mix of easy handling and powerful performance. A versatile solution that keeps creases at bay.

Easy versatility

- Integrated multi-angle board for flexible convenience
- OptimalTEMP, no burns guaranteed on any ironable fabric
- Detachable base for flexible usage around the house

Powerful performance

- Dual heat technology with better performance vs steam iron**
- Kills 99.9% bacteria* to refresh and remove odors

Ultimate Convenience

- Ergonomic iron+ head, makes light work of ironing
- Retractable top hook for convenient hanging of clothes
- Integrated wheels for easy transportation
- Long lasting steam performance without needing to descale
- Large 1.2L water tank to de-crease more garments in one go
- Fast heatup in no time: 90 seconds

PHILIPS

Highlights

Multi-angle board

The integrated multi-angle board can be tapered and pivots to any position for a flexible and convenient experience. For horizontally ironing the most difficult fabrics or vertically ironing the most delicate garments. And everything in between.

Dual heating technology

Dual heating technology enables powerful steam penetration to eliminate creases with better performance than a steam iron**, ensuring that your garments look their best easily.

Ergonomic iron+ head

At half the weight of a regular steam iron***, the ergonomic iron+ head ensures you can de-crease clothes in comfort.

OptimalTEMP technology

No burns, no worries; OptimalTEMP technology guarantees no burns on any ironable fabric, so you can iron everything, from jeans to silk, worry-free.

Kills 99.9% bacteria*

Kills 99.9% bacteria* to refresh and remove odors to keep garments fresh and prolong their life.

Detachable Base

The detachable base is portable to meet all your needs in the home: from steaming upholstery and curtains, to sterilizing furniture and beds. Simply disconnect and transport base and iron head as needed.

Flip hook

The top hook conveniently supports the hangers when ironing garments vertically or when stored. It folds easily when not in use or when ironing horizontally.

Integrated wheels

Integrated wheels conveniently support you to transport the device with ease and speed to wherever you need it.

No descaling needed

No descaling required thanks to the unique design of the dual engines. Ensuring long lasting performance without descaling.

Specifications

Size and weight

- Packaging dimensions: 60*40*60 cm
- Power cord length: 1.6-1.9 m
- Total weight with packaging: 15.7 kg
- Product dimensions (WxHxL) stored: 49.5*121*50.5 cm
- Product dimensions (WxHxL) fully extended: 49.5*155*50.5 cm
- Size of the iron soleplate: 196 cm²
- Size of the board (WxHxL): 36x83x3 cm
- Weight of iron: 0.74 kg
- Total weight of the product: 11.9 kg

Technology

- Save on all fabrics: OptimalTEMP technology

Easy to Use

- Integrated multi-angle board: Tapered tip
- Fast heat-up: 90 sec
- Auto shut off
- Multi-position docking: Left, right and top docking
- Docking solution: Multi-position docking, Clipsable on base and right, left and top side of board
- Possible angles in board: Multi-angle board; with tapered tip
- Easy transport: Yes, integrated wheels
- Iron head: Iron+ head, pointed tip

Green efficiency

- Energy-saving mode: ECO-mode

Guarantee

- Global warranty: 2 years

Technical specifications

- Water tank: 1.2 liter, detachable
- Made in: China

Sustainability

- Packaging: Recycled materials
- User manual: Recycled materials

Scale management

- Scale management: No decalc needed

Design

- Color: Dark slate grey / gold

Fast and powerful crease removal

- Power: 2200 W
- Steamrate: 90 g/min
- Voltage: 220-240 V
- Steamboost: Up to 300 grams
- Variable steam: 3 steam settings
- Steam control: Yes, steam on demand
- Pressure bar: Max 6 bar pump
