- 500 Watt motor to handle large quantities and heavy kneading
- Including blender
- Easily performs 25+ functions

PHILIPS

Food processor
500 W Compact 2 in 1 setup, 2 L bowl

Highlights

MicroStore

Microstore allows you to store all your accessories inside the bowl for easy and compact storage.

Vertical design

The special vertical design has a 35% smaller footprint versus side-by-side food processors. This saves valuable worktop space and means that even the smallest kitchens can now have a food processor.

2 speeds and pulse

The Philips food processor has two speed settings to match hard or soft ingredients. Plus, a pulse function for chopping garlic or crushing ice for example.

500 W motor + 2 speeds + pulse

500 W

With the 500W motor plus 2 speed settings and pulse button you can pick the right speed for optimal results

Including blender

The Food Processor comes with 7 accessories to perform 28 functions. They are: a stainless steel blade for chopping, beating, creaming, crumbling, cutting, folding in, mashing, mincing, mixing; a kneading tool for (heavy) kneading; a slicing insert for medium slicing of vegetables & fruit; a shredding insert for medium shredding of vegetables, fruit and cheese; an emulsifying disc for whipping, whisking, emulsifying; a granulating insert for granulating potatoes; and a blender for for blending, crushing, foaming, grinding, (heavy) pureeing, homogenizing, liquidizing, milling, shaking, stirring.

25+ functions

The Food Processor comes with 7 accessories to perform 25+ functions. The – dishwasher safe - accessories are a kneading tool for mixing batter and for heavy kneading. A stainless steel chopping knife to prepare meat and vegetables. Metal disk inserts to handle medium shredding and granulating. Break resistant blender of 1.5l for blending, crushing and stirring different ingredients. And an emulsifying disk to prepare food like whipped cream and mayonnaise.
